DESCRIPTION Trade Forex with your And	droid smartphone or tablet!
One of the most popular F	Forex trading platforms

MetaTrader 4, is now available on your Android phone or tablet absolutely free of charge. Trade currencies Search MetaTrader 4 application published by Metaquotes Software Corp. in Google [Play Store] on your smart phone with keyword of "metatrader 4" or "mt4" then choose Install.

Open Demo Account

Run MT4 app and the New Account screen will be displayed.

①Select 「Open Demo Account」 and search for trading server by inputting "hirose" or "hirose financial". Then choose [HiroseFinancialUK-MT4Demo1].

%If you already have a live account, please choose [Login with existing account].
Enter the same keyword as above then select [HiroseFinancialUK-MT4Live1]. 2 Input your Name, Phone Number, e-mail, and set your account preferences. Press [Create account] button if you have finished it.

③You will be given Log In ID and password, and your demo account is ready for use. Press [Done] button to automatically move to trading screen.

1	Quotes	Trade
roseFinancialUK-MT4Demo1	ZARJPY_uk	10.320
	AUDCHF_uk	0.96840
	AUDJPY_uk	95.972
	AUDNZD_uk	1.23428
/e password	AUDUSD_uk	1.02679
	CADCHF_uk	0.91720
Login		

Your login information will be displayed. If you press [Login], quotes screen will appear.

How to Login to MetaTrader 4

To log in to your demo or live account, press your smartphone's menu button, choose [Accounts] from list. Press [+] button on the top right side of the screen, and choos [Log in with existing account]

Input "hirose" or "hirosefinancial" to the search column, and select login server according to your account. Enter your MT4 ID and password credentials, and press [Login]

Quotes Screen

Press [Quotes] button to display quotes screen. You can choose the screen to be displayed in Simple View Mode or Advanced View Mode.

Simple View Mode only shows the currency pair, BID quotes and ASK quotes; while Advanced View Mode shows additional information such as renewal time, spread, highest and lowest price for the day.

A fall in rate is represented in red color, and a rise in rate is represented in blue color.
